

KinderQuest

Enrich Your Kindergartener

Parents- are you looking for a program for your Kindergartener to extend their learning opportunities? KinderQuest is your answer!

KinderQuest offers opportunities for children to explore, enrich and extend their Kindergarten experience while becoming engaged in a rich learning environment. Children will work individually and cooperatively to explore, experience and create through hands-on activities.

KinderQuest is divided into two sessions per year. Each thematic unit includes activities in science, language arts, math, social studies, reading, art and cooking. Thematic units may include, but are not limited to:

- | | |
|--|------------------------------------|
| The Human Body-Our Bones | Let's Get "Organ-ized"- Our Organs |
| Nutrition and Fitness | Our Five Senses |
| Cloudy With a Chance of Meatballs= "Weather" | Frogs and Toads |
| Immigration | Authors & Illustrators |
| Thanksgiving-Turkeys | Around the World |
| Polar Bears vs. Brown Bears | December Holidays |
| Exploring the Rainforest | Going Batty-Learning about Bats |
| Alligators vs. Crocodiles | Fly Away with Birds |
| Discovering Rocks | Flying through Space |
| Save Our Earth | Planting - in Eggs! |

KinderQuest will provide fun and exciting ways to add to your kindergartener's knowledge and experience making their first year in elementary school positive and rewarding! **Enrollment is underway!** Get your registration in early so your Kindergartener can take advantage of this exciting and valuable experience!
