### SENIORS

~ 4 years by 9/1/2012 ~

The preschool years are an optimal time for development of fundamental skills. The "Seniors" continue to grow in their social, emotional, physical and cognitive development. Early concepts in math, science, literacy, and problem-solving are explored through experiences outdoors and inside the classroom. Positive peer relationships as well as self-help skills are encouraged and strengthened throughout the year. Engaging the older preschoolers in individual and group activities develops their confidence in all areas of development.

### JUNIORS

~ 3 years by 9/1/2012 ~

The "Juniors" class will focus on mastering self-help skills, encouraging positive peer interaction, and nurturing each child's uniqueness through a balance of child-initiated and teacher-directed activities. In this secure, stable environment, young children actively engage in hands-on exploration of a variety of learning resources. Through play, children attempt new challenges and take appropriate risks. All of these experiences stimulate curiosity, build self-esteem and provide opportunities for social, emotional, physical and cognitive growth within a community of learners.

## GCCNS PROGRAMS FOR YOUR "2 YEAR OLD"

### ON MY OWN

~ 2  $\frac{1}{2}$  yrs. or 30 months by 9/1/2012 ~

Your child will independently experience a classroom environment interacting with other children at teacher-planned play centers. Opportunities for social, emotional and cognitive growth are provided through small manipulative toys, the sensory table, the art table and easel, and dramatic play centers. Rug time includes teacher lead stories, songs and finger plays! Our outdoor playground and inside gymnasium provide opportunities for large motor physical activity and growth! Geared toward children's social and emotional growth, this class provides for a comfortable transition to the Junior program.

### PARENT/TOT WITH TRANSITION TO ON MY OWN

~ 2 years by 9/1/2012 ~

#### **September through December with a Parent**

This hour-long class introduces Parents & Tots to a classroom environment. Parents interact with their children during planned playtime. At rug time the teacher leads storytelling, songs and finger plays. This is a gentle way to introduce your tot to a preschool environment. *~Sitter Service available for siblings\**

#### **January through May, On My Own**

Children attend by themselves. As the first independent experience in a school setting, without parents, the *On My Own* program offers many play opportunities with friends they have come to know during the first half of the year. Group time in the classroom, as well as outdoor and gym activities, all provide our youngest group with a comfortable transition into the fall Junior program.
